999-47-28   **Nikolai Vasilevski*** (`nvasilev@math.cinvestav.mx`), Department of Mathematics, CINVESTAV, Mexico City, Mexico. *Commutative C^*-algebras of Toeplitz operators on the Bergman space.*

We present recent advances in the theory of Toeplitz operators based on a very unpredictable fact, the existence of a reach family of *commutative C^**-algebras of Toeplitz operators. (Received July 07, 2004)
