1073-54-66　　　　　**Alexander Shibakov***, Math Dept, Box 5054, Cookeville, TN 38605-0001. *A note on the bagpipe lemma.* Preliminary report.

We present a possible approach to proving Nyikos' bagpipe lemma in dimensions higher than 2. We then apply the approach to a class of nonmetrizable manifolds that satisfy a stronger version of simple connectedness. (Received July 25, 2011)
