Alessandra Pantano* (apantano@uci.edu), University of California, Irvine, Department of Mathematics, Irvine, CA 92697, and **Li-Sheng Tseng** (1sttseng@math.uci.edu), University of California, Irvine, Department of Mathematics, Irvine, CA 92697. *The Expanding Circle*.

In this talk, we will describe the expansion and evolution of the UCI Math Circle, from a relatively small high school circle in Spring 2012 to a large-scale community educational outreach in 2015. In particular, we will emphasize the increased involvement of pre-service teachers, the push for diversity, the funding and the collaborations that made the program flourish. (Received August 26, 2015)
