1108-42-313   **Lucas Chaffee*** (`chaffel@ku.edu`) and **Rodolfo H. Torres**. *Commutators of Bilinear Singular Integrals With Pointwise Multiplication.*

In this talk we will discuss commutators of certain singular integral operators with functions in BMO and CMO. In particular, we will expand on recent results to obtain full characterizations of BMO and CMO in terms of the boundedness and compactness of said commutators. (Received January 17, 2015)
