**Janet Striuli\*** (jstriuli@fairfield.edu), Fairfield, CT 06825, and **Hamidreza Rahamati**  
and **Zheng Yang**. *Weak complete intersections and Poincare series*.

In this talk we will introduce the notion of weak complete intersection ideals. We will show that many formulas for Poincare series for fiber products over the maximal ideal also hold for those over weak intersection ideals. (Received February 20, 2018)
